

70:20:10 PRINCIPLE OF PROFESSIONAL LEARNING

At its core, the 70:20:10 concept provides an approach to support and facilitate effective learning. There is an increasing awareness, supported by evidence, that most learning occurs through experiences and practice in the workplace. The 70:20:10 concept embeds workplace learning as the key to developing a responsive and high performance workforce (Jennings, 2013).
